In an emergency, the University uses multiple mass notification systems to quickly inform the community about immediate threats and the steps to take.

**UVA ALERTS:** To receive emergency text alerts, students should add mobile phone numbers to their UVA Alerts account. Students are automatically enrolled to receive emergency emails. Students can add a parent’s phone number and other email addresses to their account. Parents and family members can also opt-in themselves by texting “UVA” to 226787.

**TIMELY WARNING NOTIFICATIONS** are mandated by the Clery Act, a federal law that helps create safer campuses by creating transparency around crime and requiring universities to notify communities about incidents that may pose a serious or ongoing threat. UVA sends timely warning notification by email.

UVA sends other types of public safety messages, and publishes a daily crime report.
